Get Connected

With MIDAS+ SmartConnect, you can improve communication with post-acute providers. Automate the time-consuming discharge placement process and ensure the highest levels of patient care.

"MIDAS+ has provided integrated solutions to hospitals since 1987 and, with over 850 installed sites, is the most frequently used Case Management system."—ACMA Hospital Case Management survey, April 2007

ACS MIDAS+ is the market leader in medical information management software technology. MIDAS+ SmartConnect is built on Curaspan's proven eDischarge technology named "Best in Practice for Patient Throughput" for the past four consecutive years by the Advisory Board Company.

MIDAS+ SmartConnect establishes a communications platform with transportation providers, payers, state agencies, and primary care physicians. Access Curaspan's National Network of on-line providers for all levels of care.

Get Smart

Significantly enhance your organization's reporting capability on preferred provider performance, case management referral initiation, honoring patient choices, and referral turnaround times.

With MIDAS+ SmartConnect, receive results with a demonstrable ROI. Reduce LOS, improve avoidable/denied days, and measurably increase patient throughput.

As pressure mounts to maximize patient throughput, there has never been a better time to consider MIDAS+ SmartConnect.

Get connected, stay connected, be smart connected!
